FRENCH REINFORCEMENTS NOW HEAVILY ENGAGED ON BRITISH NORTHERN FRONT

AMERICANS IN LORRAINE PENETRATE THIRD LINE GERMAN TRENCHES AND DOMINATE NO MAN'S LAND — BELGIANS TAKE 600 GERMANS AND REPULSE HEAVY ATTACK.

Field Marshal Haig today reports his line on the Lys battle front standing intact last night as it existed yesterday morning following the British retirement east of Ypres, no ground having been lost in the battling of yesterday, despite the heavy German attacks throughout the day.

Checked for the time at least on the northern portion of the front the Germans are turning their attention to the southwesterly sector.

A heavy bombardment of the British positions here between Logon and Robecq was reported in progress this morning. The enemy is finding himself cramped on the southerly side of the wedge he has pushed into the British lines and seems on the eve of an attempt to widen it out here. Furthermore at Locon the Germans are only some three miles north of Bethune, an important railway center and at Robecq are within six miles of Lillers, a junction on the railway from Bethune to Hazebrouck.

The British have been holding this sector of the front as strongly as they are the northwesterly edge of the salient. It seems not unlikely that the Entente high command has forecast a possible larger German purpose to drive determinedly southward, envelop Bethune and push on to a point where they can compel the British to fall back from Givenchy and the region north of Arras where the dominating Vimy Ridge is the German objective.

On the remainder of the British front and on the Picardy battle field and French sectors there has been no infantry activity. Belgian troops north of Ypres have repulsed German attacks and captured 600 Germans.

On the Lorraine sector American troops have penetrated to the third German line and are in unmolested possession of no man's land.

British merchant losses due to submarine warfare show an increase for the past week, the total of ships lost rose from 6 to 15, while the increase in vessels of more than 1600 tons was from 4 to 11. French and Italian losses show little change.

FRENCH ACTIVE ON NORTH FRONT

Ottawa, April 18.—(Associated Press Dispatch)—The French are heavily in action on the northern battle area, says a Reuters dispatch from London today.

BRITISH REPULSE ALL ATTACKS

London, April 18.—(Associated Press Cable)—Southeast of Kemmel Hill on the northern battle front the Germans pressed back the British line slightly but the situation was restored by a counter attack, the war office announces. During the night there was no change in the British front.

In the Bailleul sector the Germans made three attacks before noon yesterday and in each case suffered a complete repulse.

The Germans opened a heavy bombardment on the British positions on the southwestern part of the Lys battlefront between Locon and Robecq during the night. The bombardment was still in progress at dawn today.

FRENCH BREAK UP ATTACKS

Paris, April 18.—(Associated Press Cable)—After a preliminary bombardment strong German detachments attempted to advance last night near Corbeny on the Aisne front. Today's official statement says the attack was broken up by the French fire.

WAVES OF HUNS SHATTERED

Ottawa, April 18.—(Associated Press Dispatch)—For the British infantry co-operating with the French in the northern battle area, Wednesday was a "strenuous day," Reuters' dispatch received here today from British headquarters in France says.

"The day was satisfactory, the record balancing heavily in our favor," the dispatch adds. "The German waves dashed against our lines in half a dozen places but only at Beaver Hill did they force us to yield ground which was regained by counter attacks."

"The enemy's grand objective is domination of the ridge system from Kemmel Hill to Wytschaete. While the Germans have not made any definite gains their losses have been appalling."

AH! KAISER BILL BREAKS SILENCE

Amsterdam, April 18.—(Associated Press Cable)—Emperor William recently made a visit to the battle field near Queant, west of Cambria, a war correspondent of the Berlin Local Anzeiger writes.

"His Majesty's silence was broken only once," he says, when he remarked to an officer:

"What have I not done to preserve the world from these horrors?"

MIGHTY DEBT HANGING OVER THE GERMANS

Cologne Gazette Quotes Reichstag Member Who Sounds Warning to Germany That Crushing Taxes Will be Levied on Them After War.

By Associated Press Dispatch.

New York, April 18.—Germany will have to observe the greatest economies for her national debt is now 121,000,000,000 marks and the hour of reckoning is coming when there will be waiting and gnashing of teeth on the part of the taxpayers. This reflection on the German financial situation was made in the Reichstag on March 1 by Count Posadowsky-Werner, former vice chancellor, according to the Cologne Gazette, a copy of which has been received here.

The Count, who is not a member of any political party, said that when he was at the head of the Imperial treasury department the national debt was then 1,760,000,000 marks and he had considered that terribly high.

AGED MEMBER H. OF C. DIES

By Associated Press Dispatch.

Belfast, Ireland, April 18.—Samuel Young, the oldest member of the House of Commons, died here today. The Sinn Feiners will make a great effort to capture the seat thus vacated.

In view of the government's decision to apply conscription to Ireland it is not unlikely that they will succeed. Mr. Young was 96 years old. He was a Protestant, although he represented a Catholic constituency. He was an earnest advocate of self government for Ireland.

FOURTH STILL IN THE LEAD

By Associated Press Dispatch.

Cleveland, O., April 18.—The fourth Federal Reserve district continued to hold the lead over the rest of the countries in communities over their quota in the third liberty loan campaign. Two hundred and ninety-one honor flags have been awarded. Twenty-five counties of the 169 have over-subscribed their quotas.

Honor flags awarded by areas follow: Toledo, 99; Cleveland, 77; Cincinnati, 75; Pittsburgh, 19; Lexington, 11; Columbus, 10.

Total subscriptions in the district up to last night amounted to \$95,939,950, which is a gain of \$19,914,350 over the previous figures.

BERLIN MUST FALL—M'ADOO

By Associated Press Dispatch.

Globe, Arizona, April 18.—"We won't stop this war until the battle line is bent far enough east to put Berlin in the center of a circle formed by American troops," declared William G. McAdoo, Secretary of the Treasury, in a short speech here today in behalf of the third Liberty Loan.

With the American Army in France.

April 17.—Twice in 24 hours an American company has assisted French troops in a neighboring sector to regain trenches temporarily taken over by the Germans. The company was led by a captain who took his troops over the top in the face of the most intense machine gun and artillery fire. Each time he drove out the enemy and inflicted heavy damage and then strengthened the positions.

A most pathetic story from the American lines is that of a young corporal who was wounded fatally after four hours fighting. A piece of shrapnel struck him in the head. He fell with two grenades in his hands. Addressing a comrade he said:

"I guess I'm done. Please write to my mother and tell her how it happened. But here, take these grenades, and for God's sake don't waste them."

He fell in a faint and died in a hospital the next day without regaining consciousness.

At one point of this sector there was a space of only 15 yards between the opposing trenches. A day before an attack, the Germans threw over a note into the American trench. It read:

"What are you, Canadians or Australians?"

"Come over and find out," was the reply thrown back by an American soldier. The infantryman who related the incident added:

"I guess they know who we are now and they will not be likely to forget it for some time."

Washington, April 18.—New subscriptions of \$107,000,000 reported to the Treasury today sent the total Liberty Loan pledges over the billion mark to \$1,059,558,000.

The plan was accepted after President Wilson intervened to settle differences between Garfield and John Skelton Williams, director of purchases for the railroad administration.

DRYS WIN 20 OF 39 CITIES IN YORK STATE

Wets Retain All Large Cities Voting Under Local Option Law.

732 Saloons Out of 2132 Voted Out in New York.

By Associated Press Dispatch.

Albany, N. Y., April 18.—Recapitulation today of Tuesday's and Wednesday's local option elections in New York showed that although prohibition forces won out in a bare majority of the 39 cities voting, the wets carried the larger cities and retained more than 1400 of the 2132 licenses, or nearly 70 percent of the total involved. The lineup stands for prohibition, 20, for retaining licenses, 19.

Syracuse and Schenectady, the largest cities voting, went wet by big majorities.

Binghamton, the only other second class city, went dry.

NEW RULING ISSUED BY FOOD COMMITTEE

The Federal Food Administrator for Ohio today issued the following: The rule prohibiting dealers from dealing in live or freshly killed hens between February 11th and April 30, has been amended so that observance of this rule ends at midnight on April 19th.

The Food Administrator rules that dealers may send any poultry to market in time to be offered for sale on Saturday morning, April 20th. Such poultry may not be sold and delivered to customers before that date.

The increasing urgency of the wheat situation makes the following request imperative:

Farmers are urged to market all wheat in excess of seed requirements and flour needs. Flour needs should not exceed (1) one bushel of wheat (or its products in flour) per member of family.

Farmers holding flour in excess of the above regulation should return the same to local dealer at once.

All residents of villages, towns, or cities holding flour in excess of (30) thirty days' supply should return same to local channels immediately.

Sales under regulations are not to exceed (1-8) one-eighth barrel, to town customers and (1-4) one-fourth barrel to any country customers. The fifty-fifty rule must be strictly adhered to.

GEORGE A. GREGG IS BADLY INJURED

Mr. George A. Gregg was badly injured while in the bath room at the Y. M. C. A. Wednesday evening about 5:30, when his foot slipped on the soapy cement floor in one of the shower bath compartments, and he fell heavily to the floor, striking the back of his head on a raised in the cement floor, which inflicted a bad gash in the back of his head and rendered him unconscious for some time.

In addition to the injury sustained in the back of his head, Mr. Gregg's back was severely sprained and he suffered other injuries.

He was unconscious for some little time, and alone at the time. The water from the shower is believed to have revived him and he called for assistance. He was later removed to his home and will probably be unable to assume his usual duties for two or three days, or even longer.

CARD OF THANKS.

We extend our heartfelt thanks to all our kind neighbors who aided in any way during the death of our Dear Mother, Mrs. Morrow McAdam. We wish to thank Reverend Rose for his consoling words, and also thank the undertaker, Albert McCoy, for his kind attention and also for the beautiful offerings from the Aid society, the Junior Lodge and school.

WALLACE CREAMER FAYETTE'S OLDEST CITIZEN IS DEAD

Long and Useful Life of One Beloved by All, Comes to an End Two Days After He Had Passed 99th Milestone—Born, Lived and Died on Same Farm.

After a life of honor and of quiet usefulness, which covered the span of a century, and was marked by the milestones of Fayette county's development and growth, Mr. Wallace Creamer passed into the great beyond Thursday morning at ten o'clock, at the Creamer homestead in Jefferson township.

On Wednesday, April the sixteenth, Mr. Creamer passed his 99th birthday and entered upon the last year of the century which it was the dearest hope of his many friends and relatives would be rounded out and the hundredth birthday celebrated. But it was not to be and a chronic trouble culminated within the last two months beyond the power of physicians to reach, although Mr. Creamer had been confined to his home but two weeks.

Not only was Mr. Creamer, as far as is known, the oldest man in Fayette county, he also had the most extraordinary record of having been born, lived out his entire days and died upon the same farm. The Creamer family was one of the first to settle in this county and has been prominently identified with its history since pioneer days. He was the son of David Creamer, a soldier of the war of 1812 and already a resident of this county when the war opened. He was a babe in arms when James Monroe was president, voted for William Henry Harrison in the fall of 1840 and had been married twenty years when the battle of Gettysburg was fought.

Near the Creamer homestead was erected the Creamer school, a little log cabin in the woods, and here, Mr. Creamer first began the education which in after years was broadened by wide study and generous information.

He was one of a family of eight children, of whom the only one now living is Mrs. Caroline Reid, of Jeffersonville, mother of Hon. C. A. Reid, who is eighty-eight years old.

Mrs. Kate Worthington, mother of Mrs. J. D. Post, who died within a few years of the century mark, and the late Mrs. Nancy Stinson, mother of Mrs. Frank L. Stinson, and Mrs. Bertha L. Miller, were also sisters.

Mr. Creamer lived to see farming methods completely revolutionized and in all the progressive changes he kept abreast of the times, and with faculties preserved, keen interest in the affairs of nation and of the community retained and associated with whatever was in the line of community activities, approaching the hundredth milestone with the high spirits of a boy.

Two dominant interests were his church and his political party. Spring Grove Methodist church, built on Creamer land, found in him a lifelong member, an ardent and liberal supporter.

In politics he was a loyal Republican and it has been said that he voted for every Republican president since the formation of the party.

His wife, dead for several decades, was Elizabeth Gray, belonging to a well known Jeffersonville family. They had no children, but an adopted daughter was the first wife of Mr. Lewis Perrill.

Mr. Perrill and his present wife and son have for a number of years made the home with Mr. Creamer at the Creamer homestead, and have given to the gentle, lovable old man, not only every care, but a genuine affection that could hardly be strengthened by blood ties.

Funeral services will be held at Spring Grove church Sunday afternoon at 2:00 o'clock.

PATRIOTIC ADDRESS AT BAPTIST CHURCH

POOR VENTILATION DRAFTEES SUFFER

By Associated Press Dispatch.

Cincinnati, O., April 18.—An epidemic of influenza has broken out among the selective service men who arrived here from different parts of Minnesota to take the examination for the Engineering Corps at Cincinnati University. Captain A. E. Osmond, who is conducting the physical examinations at the university, found nearly a score in the first quota that arrived. Captain Osmond ascribed the spread to the fact the men traveled in poorly ventilated coaches and were nearly 36 hours enroute. To prevent a further spread the selects have been sent to the General Hospital for observation and treatment. Their quarters in the university and the new medical college building have undergone fumigation.

RED CROSS AUCTION NETS GRAND TOTAL OF NEARLY \$650.00

Second Sale Arranged by Pythian Sisters and Knights of Pythias Nets About \$325—Big Crowd and Bidding is Spirited.

The Red Cross auction of the Pythian Sisters and Knights of Pythias is completed, Wednesday night, and the sum of about \$325 was realized from the second sale, making a total of about \$650 realized from the two sales, every cent of which will be turned over to the Red Cross.

The auction was resumed Wednesday night after having been continued one week when it was found a week ago that the amount of goods donated was far too great for one evening's sale, and more than half of the goods were left until the second auction.

The big dining hall of Confidence Lodge was literally packed for the second auction, bidding was more spirited, and articles offered brought something like their true value, and many articles were sold at a premium.

Billie Paul's Red Cross nurse—a large doll garbed in Red Cross costume, was one of the features of the evening, first selling for \$14, and being resold time after time until it finally was retained by Florence Mabel, daughter of Hery Sparks, \$60. Little Miss Sparks has named the doll "Billie."

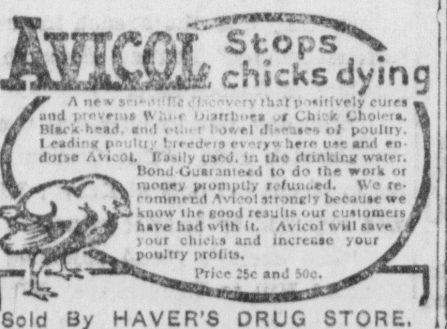

A setting of Ring-Neck Pheasant eggs, donated by Mrs. Maude Weimer in the name of her son Corporal Hughey Backenstoe, who is now in France, brought \$4.50.

of foodstuff and the prices were fairly good. Most of the articles sold consisted of good. The remainder of the articles, consisted of a wide range of marketable goods.

Cols. Scott and Eckle kept the crowd in good humor and prevented any monotony arising by a continual flow of humor which created a great deal of merriment.

Dancing was enjoyed on the second floor, and while this interfered somewhat with the auction, a neat sum was realized at the door. Some 60 couples participated in the dancing.

The affair was a thorough success and reflects great credit upon the committee who planned and carried the sale to a successful conclusion.

Poetry For Today

YOU CAN'T REFUSE
 The Sammy came in from the trench,
 and says he:
 "There's too many calls on the courage of me.
 I answered the call when they asked me to come
 To fight that my countrymen might have a home.
 I've fought ever since we've been quartered in France;
 I've gone every time I was told to advance.
 This order you give, to go over the top
 Today, is too much—I am going to stop.
 There's a limit to what I can rightly afford
 To give to my country with cheerful accord."

The officer's eyes stuck a foot from his face
 To hear this subaltern who courted disgrace.
 And the private was sent where all nuturers go
 To be shot the next sunrise—he hadn't a show.
 I think that with me you will promptly agree
 That a firing squad's right for such quitters as he.
 But hasn't he just as much right to declare
 His whole duty done and his job to forswear
 As you in your home that he fights to protect.
 When you're told that there still is some coin to collect?
 He's sworn to obey every call that is given;
 To risk his existence without being driven.
 You, safe here at home, take advantage of this,
 And claim no disgrace when a duty you miss.
 You seem to believe you've a right to refuse
 To lend your hoard for the Allies to use.
 In saving your land and the land of all others
 Who claim human rights for themselves and their brothers
 You have no such right! In stern duty you're bound
 To GIVE while a coin in your coffers is found.
 (By Strickland Gillilan, the man who wrote "Off agin', On Agin, Gone agin', Finnighin")

WOMAN PLAYS A REMARKABLE PART

Theda Bara appeared at the Palace theatre Tuesday night in a new Russian picture of thrilling interest, "The Rose of Blood," which has just been released and gives the renowned star an opportunity for great emotional work.

Miss Bara plays the part of Lisza Tapenka, a peasant girl who married a prince and presents a phase of Slavonic life that is rarely touched in romance or fiction.

Theda Bara is at her best and attains dramatic success in the portrayal of her varying moods as they sway the beautiful girl to the climax of the story. The drama shows the underplots leading up to the gigantic revolution and shows what their people were doing while their government was being overthrown.

Tremendous crowds have been drawn to see this play wherever it has been shown. It is continued to night, tomorrow matinee and evening at the Palace.

The accuracy of all the settings and details used in this Fox picture was guaranteed by Richard Ordynski, author and leading man, who was born in Cracow, Poland.

SEVEN SELECTED FOR Y. M. C. A. WORK

By Associated Press Dispatch.

Recreational directors appointed include William Caldwell, of West Technical High School, former coach of the University of Paris and a Bel-Muskingum college and Y. M. C. A. secretary at Western Reserve; John T. Cowley, Lincoln High School coach and graduate of the Springfield Training School, Richard Jones, former star athlete at Miami University; Attorney Martin C. Krogh, graduate of Oberlin and Western Reserve law school, and Frederick W. Elliott, Oberlin graduate who has been connected with the board of education here for nine years as recreation director.

Social and Personal

The April meeting of the Woman's Missionary Society of the First Presbyterian Church was held at the Manse, Wednesday afternoon, Mrs. Wm. Boynton Gage assisted in entertaining by the month's hostesses, Mesdames G. W. Blakeley, Rell Allen, Mary J. Rodgers, Chas. Briggs, Roy T. McClure, Arta Sutherland, Mary Cutting, J. A. Worrell, J. L. Rothrock, Alfred Barney, Harry M. Kingsbury, Claude L. Clemans, W. C. Lape, Roy O. Young, N. B. Hall.

During the opening services, conducted by the President, Mrs. Austin F. Hopkins, highly interesting reports of the Chillicothe Presbyterian meeting held at South Salem last week by delegates from the local society, Mrs. John Wilson and Mrs. A. J. Walker were given supplemented by a little talk from Mrs. Jos. N. Willson. Delegates and visitors were alike enthusiastic over the success of the meeting. Mrs. Fritz Meier was program leader.

The month's subjects, "The American Negro" and "Africa" were taken up in two fine papers.

Mrs. Elmer Klever presented an eloquent plea for the education of the negro, the subject of her paper, "Investments in Lives." Her reciting of one of the poems of Paul Dunbar, talented colored poet, gave an effective close.

Mrs. Frank Jackson ably handled the subject of "Africa's Present Day Call," her paper a strong and illuminating resume of the work needed and the opportunity awaiting the Christian world in the "dark continent," especially since the war has changed conditions. The Lord's promise "I will give thee the heathen for thine inheritance" seemed specially applicable to Africa.

Refreshments were served and spring flowers waited their residence through the rooms.

The attendance was very large, sixty women finding the afternoon one of marked social pleasure as well as missionary interest.

YOUR FACE IS YOUR FORTUNE

A thousand people look at your face while one glances at your feet—yet you spend money to keep your shoes in condition and neglect your face. RED CROSS Shaving Lotion (the after-shaving luxury), makes old faces look young and keeps all faces in the pink of condition. This and other RED CROSS toilet articles sold only by C. S. HAVER'S DRUG STORE.

joyably entertained the Hiker's Club Wednesday evening.

Dainty refreshments, music and games rounded out an evening of much pleasure. Those present were Misses Lavin Kolley, Mabel Nelson, Ho Shobe, Mildred Taylor, Mary Lape, Doris Keiley, Alma Eggleston, Ruth Cissna, Helen Conner, Martha Minnick, Doris Edwards.

One of the most successful methods of raising money for the Red Cross in cities generally has been the giving of Community dances, and the fact that there is now so little activity in social life has increased their popularity.

The dance committee of the local Red Cross chapter is planning to inaugurate a series of four community dances, to be given every two weeks, the first one on Friday night, April the 26th.

The Red Cross Dance Committee, recently appointed by the Red Cross executive board, is composed of Mrs. D. H. C. Bowen, chairman, Mesdames George H. Hitchcock, Fuller Hess, H. C. Anthoni, Wert Shoop, W. A. Sharp.

Plans are already well underway to make the affairs real community dances, and it is expected that society folk from many neighboring towns will participate.

The fraternal organization of Washington will donate the use of their halls and as other expense will be eliminated every penny taken in goes directly into the Red Cross treasury.

The committee is placing the very low price of a dollar and a half on season tickets covering the four dances, fifty cents for tickets for one dance.

"Mrs. Coit Blacker of Chillicothe, entertained at the home of her mother, Mrs. Harriet Weldon Wednesday afternoon complimentary to Miss Eleanor Lutz, whose marriage to Sgt. Charles Webb Hunsicker is an event of next Saturday.

Among other social functions for the bride to be will be a six o'clock dinner by Mrs. Tabitha Hunsicker, mother of the groom, at her home in Woodlyn, Friday.—Circleville Union Herald.

The Sugar Grove W. C. T. U. held its fortnightly session Wednesday afternoon with Mrs. Augusta Haines.

There was a special program in accord with the Union's purpose of raising money for the support of a French child.

Mrs. Elva Post presided and made a stirring little talk on "The Way to Be Patriotic". Mrs. Pearl Darlington explained the purpose of the meeting, after which Mrs. Laura Pine assumed charge of the program. Mrs. Mattie McCoy gave a beautiful piano solo. Mrs. Florence Porter read an excellent paper on "Doing My Bit."

Mrs. Eva McCoy gave a reading "Whistling in Heaven," followed by Miss Emma May Langdon who sang with much feeling "Some Where in France is Daddy". Mrs. Eva Post urged the continued faithfulness of members of the Union in a paper, on "Don't Gibe Up the Meeting."

While Mrs. Pearl Darlington sang a collection was taken up, raising almost the necessary amount needed for the child's maintenance.

Mrs. Euphen Michael and Mrs. Templin enrolled as new members. The meeting closed with the singing of "The Star Spangled Banner."

Mrs. Haines was assisted in serving a delicious repast by Mrs. W. W. Elliott and Mrs. Elva Post. Her home was fragrant with spring flowers in tasteful decoration and the attendance was unusually large.

“Gets-It”—2 Drops—
Then to the Dance!

“Goodnight to Corn Pains—Corns
Peel Off With ‘Gets-It.’”

“Say, girls, you can laugh at
tired shoes, or damp, corn-pulling
weather, big bumpy corns, calluses
on the soles of your feet, corns be-
tween the toes, hard and soft corns,

“It’s All Off With This Fierce Corn Now—
‘Gets-It’ Is Magic.”

If you will just touch the corn or
callus with a few drops of ‘Gets-It,’
What a blessed relief it gives to
corn pains! You won’t limp any
more; you can enjoy the dance
every minute. Then to say how
that corn or callus will come right
off complete, like a banana peel and
without the least pain, is just won-
derful. ‘Gets-It’ is the biggest seller
among corn removers in the world
today, simply because it is so won-
derfully simple and always works.
Be sure you get ‘Gets-It.’

“Gets-It,” the guaranteed, money-
back corn-remover, the only sure way,
costs but a trifle at any drug store.

RED CROSS
ACTIVITIES

From the Red Cross department of
military affairs in France there comes
to Lake Division headquarters, Cleve-
land, the statement that the big Ger-
man drive has created a new refugee
problem for Paris and for American
Red Cross workers in France.

“The Red Cross Department of Mil-
itary Affairs detailed a large number
of its workers to assist the civil au-
thorities in day and night work of
caring for thousands of unfortunates
who fled from the battle zone to char-
ity of the French metropolis,” reads
one section of the report. “Food and
shelter were provided for large
groups until they left Paris for points
in the south. Shortly after the Ger-
man offensive started, the American
Red Cross field kitchen was dispatched
to the front and fed more than
75,000 refugees and soldiers.”

AMERICAN RED CROSS

AT THE FRONT

A few among the many splendid
things the Red Cross is doing at the
front are given out in this report
from across the seas. No wonder
American men lack words to express
their gratitude for this life saving
organization.

The American Red Cross has thirty
canteens now in operation near the
front line trenches. In addition to
serving hot drinks and other refresh-
ments the canteens are providing
such articles as pencils, paper, envel-
opes, safety pins, bandages, iodine
and sewing kits.

The Red Cross during March estab-
lished four rest stations on Ameri-
can lines of communication and sup-
plied hot drinks to American troops
enroute to camp from points of de-
barcation.

During March 5500 pairs of socks,
1200 pairs of gloves and 1500 comfort
kits were among the articles distri-
buted by the Red Cross to American
soldiers. The Bureau of Donations
also shipped for American soldiers in
hospitals more than 15,000 shirts, 12-
000 handkerchiefs, 13,000 pairs of
socks, 15,000 pairs of pajamas and
1100 pairs of slippers.

The Red Cross in March delivered
the first lot of trench bags. A trench
bag is used for wounded men when it
is impossible to get such men out of
the trenches, where they may have
to remain several hours without med-
ical attention. The bags contain such
food as cocoa, coffee, condensed milk
and such articles as scissors, electric
torches, candles, matches, insect pow-
der, feeding spoons, “Tommy” cook-
ers and Gruely hypodermic units.

The report also says that a new
hospital for American army and navy
officials was opened by the Red Cross
on the French coast and another hos-
pital with 370 beds was opened for
enlisted men.

The Bureau of Farms is now oper-
ating ten farms varying from three
to one hundred acres in size.

TRENCH WAR ORPHANS

The pitiable condition of French
War Orphans is being brought to the
attention of Columbus folk this week
by Miss Ellinor Fell, English woman
just over from France. Miss Fell is
also giving first hand information
concerning the Hun Soldier that is of
great interest.

HUN SOLDIER LACKS INITIATIVE

This English woman says that the
German soldier lacks initiative and
vision, and is efficient only when act-
ing as a component part of the big
war machine. His acts are purely
mechanical.

“The German soldier fights best in
mass formation. Alone and in open
combat he is actually cowardly. His
life training is such that he works

tles in the competitions which are to
be held this Summer on the Pacific
coast.

perfectly as a cog in a machine. Put
him behind a machine gun and he
will methodically keep firing until
he is killed.”

The following story told by Miss
Fell, is illustrative of the fearful awe
in which superior officers are held by
Hun soldiers.

“Fourteen German soldiers and one
officer were captured by the French.
Because the French soldiers gave the
thirsty German men cups of water
before offering one to their superior,
he knocked all the cups from their
hands. The indignant French sol-
diers bound him until he couldn’t
move, laid him on the ground and, in
his presence, gave his men soup and
cigarettes. But the stupid Huns were
afraid to eat or smoke because their
officer had not been served, although
the lay helpless at their feet.”

Hollyhocks to Camp Sherman

Responding to the call from Camp
Sherman for seeds and plants a local
Red Cross member sent over two im-
mense boxes of hollyhock plants to
be set out at the base hospitals.

The grateful acknowledgement
which came back to her from Camp
Sherman authorities was sufficient
proof of the eagerness with which
such contributions are received.

Hollyhocks grow quickly and will
add an effective note of bright color
to this section of the camp in a short
time, requiring little attention.

HARTMAN THEATER

(Columbus, O.)

Direct from its highly successful
run at the New Amsterdam Theater,
New York, Clay & Erlanger’s big
production of their latest musical com-
edy success “The Riviera Girl” will be
seen at the Hartman Theater, Colum-
bus, Monday, Tuesday and Wednes-
day, April 22, 23, and 24.

“The Riviera Girl” is described as
the most ambitious and most magni-
ficent production of its lively, merry
nature that has yet been attempted
on the stage. In New York it has run
to crowded houses for many months
past, and the same big organization
of 80 that has contributed to the
gaiety of the Metropolis will be
brought here intact. In the huge cast
are Wilda Bennett, Sam B. Hardy,
Juliette Day, Carl Cantvoort, Viola
Cain, Arthur Burckley, Marjorie Ben-
tley, Eugene Lockhart, J. Clarence
Harvey, Frank Farrington and other
familiar entertainers with a very
large and pleasing contingent of pre-
tly singing and dancing girls. The
book and lyrics of “The Riviera Girl”
are by Guy Bolton and P. G. Woode-
house, and the music by Emmerich
Kalman, all of whom were responsi-
ble for Klaw and Erlanger’s previous
production of “Miss Springtime,”
which was seen here. The gorgeous
production has been seen by Joseph
Urban in his inimitable manner and
the spectacular effects are de-
scribed as being of the most exqui-
sately beautiful character. Julian Mit-
chell has provided the many ingenious
dances and ensembles in which the de-
lightful entertainment abounds. The
swift action of the piece revolves
around the merry life at Monte Carlo.

“The German soldier fights best in
mass formation. Alone and in open
combat he is actually cowardly. His

PETITION ASKS
ROAD REBUILDING

A petition, signed by the property
owners along the line of the Washing-
ton—Wilmington road from the Fay-
ette County line westward to Melvin,
has been presented to the County
Commissioners, asking for the im-
provement of the road under the State
Highway plan.

It is given out officially that it is
the advice of the State Highway De-
partment and the Advisory Board that
works in conjunction with it, that
the improvement of the road, if any
is done, should begin at that point, as
the road will shortly be completed
from Washington C. H. to the Clinton
County line, a short distance east of
Sabina. It is understood that the
Highway Department prefers the con-
tinuous-stretch method of improving
such main market roads to the patch-
here-and-there method, and it is
thought probable that the improve-
ment will receive the official endorse-
ment of the County Commissioners
and that recommendations for the
improvement will shortly be made to
the State Highway Department.—Wil-
mington News.

AUTOS STOLEN

The daily newspapers tell of Ford
automobiles being stolen right along
at Columbus, Chillicothe, Springfield,
Dayton and other places. The time
for automobile thieves to get in their
work is when you are not with your

garage. The cheapest insurance
against theft is to have a Ram anti-

WHEAT AND CORN
CROP CONDITION

Washington, D. C., April 17—Winter
wheat continued to improve although
freezing temperatures caused some
damage in Missouri. There was
much improvement in Kansas where
there was ample moisture in the prin-
cipal producing sections. The condi-
tion of the crop is good to excellent in
the lower Ohio Valley, drought has
been relieved in western Oklahoma,
but more moisture is needed in Iowa.
The germination of spring wheat was
retarded in Iowa but is generally
satisfactory in other sections; seed-
ing is well advanced with soil mostly
in good condition. Corn was consid-
erably damaged by low temperatures in
Oklahoma and Tennessee and south-
ward; planting made little progress
in north-central districts. Conditions
were generally favorable for mea-
dows and pastures; rains over the
southwest improved ranges. Stock is
doing well. It was mostly too cool
for truck crops and frost caused con-
siderable damage in the south.

PREHISTORIC IMAGE
UNEARTHED IN ROSS

What is thought to be a relic of
primal days was discovered on the
farm of Judge John W. Goldsberry,
on the Columbus pike, just over the
Bridge street bridge, Saturday, by
the tenant, Jacob Ott.

Ott was plowing a field when his
plowshare struck something hard
and unearthed a strangely shaped
piece of red clay stone. Upon close
investigation Ott found that the rock
was a crude sculpture of a perfect-
ly formed woman. The head of the
figure was missing, but otherwise the
carving was in good state of preserva-
tion.

The body of the figure is carved in
bas-relief on a flat rectangular stone,
but the legs are completely carved
out. The hands, arms, feet and toes
are plainly visible. Although a crude
attempt, the carving is, nevertheless,
a remarkable piece of work.

There is a hole in the neck where
the head was probably fitted on with
a wooden plug, but in the course of
years the plug rotted away, and the
head was lost. The stone is about
one and a half feet long and a half
foot wide.

The general opinion is that the fig-
ure is an idol of some ancient tribe,
formerly inhabitants of this section.
It was reported Tuesday that archae-
ological men were interested in the
image and were coming here soon to
investigate the image.—Chillicothe
Gazette.

SHIP LOSSES

London, April 18.—The losses to
British shipping by mine or subma-
rine in the past week totaled 14, ac-
cording to the admiralty report. Eleven
of the merchantmen sunk
were 1,600 tons or over and three un-
der that tonnage. One fishing ves-
sel also was sunk. In the previous
week only six British merchantmen
were sunk by mine or submarine,
four of them of more than 1,600 tons.

FAYETTE IS ON HONOR ROLL FOR LIBERTY

By Associated Press Dispatch.

Cleveland, O., April 18.—At the close of the first week of the third Liberty Loan campaign in the fourth Federal reserve district, one hundred and eighty communities had been awarded honor flags for having over subscribed their quotas. Subscriptions totaled \$60,559,200, it was officially announced. The district's quota is \$300,000,000.

Eleven counties have gone "over the top" the announcement states. Ashland and Fayette counties in Ohio were the first to accomplish the feat, with Boone county, Ky., running a close third. Every city, town and village in Henry and Marion counties, O., has passed the goal. In Henry county during the first loan only \$112,150 of a \$321,400 quota was obtained, and in the second loan \$177,150 of a quota of \$350,850 was all that could be raised. However no difficulty was experienced in securing the third quota of \$124,650 in less than five days. And they still are striving for more.

Lawrence, Warren, Wayne and De finance counties, O., McCreary county, Ky., and Hancock county, W. Va., were the other honor counties.

Ironton, O., is believed to be one of the first cities in the country with a population of 10,000 or more to claim the national honor flag. On the first day of the campaign, the city's quota of \$331,500 had been exceeded at nine o'clock and messages were on the way to Washington to claim the honor. Five per cent of each subscription had been secured. By noon nearly \$500,000 had been subscribed. Monday the second day of the drive, Ironton had in its claim for a star, the quota having been doubled.

Ross township in Wood county, O., was the first in the district to gain additional honor. At 9:30 o'clock in the morning of the first day, the town had doubled its quota.

Thirteen communities have gained one star for their honor flags; three have two stars and North Canton (formerly New Berlin) in Stark county is the only one with three stars.

By Wednesday night North Canton had quadrupled its \$27,400 apportionment.

If your hens fail to hatch all the chickens they can take care of, send Brownell \$1.50 per dozen and your mail man will deliver what baby chickens you want at your door. 85 126

I finally heard about Doan's Kidney Pills and bought a box. They helped me in a few days and my back no longer bothered me even when I was on my feet a long time. I felt much better in every way. CAMP SHERMAN TEAM WANTS GAME

Camp Sherman, April 16, 1918. Editor Herald:

The Machine Gun Company's team, which is composed of some of the best amateur and semi-professional players of Cincinnati, would like to book some good team from Washington C. H., if we could secure a suitable guarantee.

This would be quite an attraction and would draw well. Kindly insert this in your sporting column as I don't know the address of the Washington C. H. baseball team's business manager.

Respectfully yours, CORPORAL CLIFF BAUER, Manager of Baseball Club, Machine Gun Co., 330th Reg., Camp Sherman, O.

According to the Superintendent of the District Employment Bureau in this city, there is still heavy demand for farm hands, although probably not as heavy as sometime ago.

JAIL DELIVERY STOPPED SHORT

One of the Circleville police, receiving a tip one evening this week that a wholesale delivery of prisoners from the Pickaway county jail was about to take place, notified Sheriff Warner and a search of the prisoners and jail brought to light the fact that a twelve-inch saw had been used and two bars were cut almost in twain so that a little work would have opened an avenue to freedom.

Several prisoners in the jail were promptly reduced to a bread and water diet for their part in the little affair.
